📍 Jahad Science University, Ziba Kenar Blv., Khorramabad, Lorestan, Iran

Profile Summary

Mathematics Graduate and Leader of software development teams and Full Stack Developer (Python, React). Experienced, patient and friendly with a strong background in developing applications for diverse clients. More than 7 years of relevant industry experience including programming, designing, debugging and creating wireframes. I'm looking for a small team with great jobs, I would jump at any opportunity to continue growing my skill set in these fields.
